**American Indian Activities (AIA) Dance and Drum Team**  
**Garrison Champigny and David Wilkinson**

The AIA Team needs your assistance.

The purpose of the Lodge Dance Team is to provide service to the Lodge and Council. Team members learn about the "living breathing" culture of American Indian dance, songs, regalia and customs. This knowledge is shared with others through performances at various Lodge, Council, District and Unit events. In addition the team competes at section and national OA events.

What we can offer to you, the OA Brother: The Dance Team offers lodge leadership opportunity and experience through creative means of dedicated service to all of scouting as well as the opportunity to explore a living culture.

If you are a member of the lodge and want to find out more about the Team, we meet the 2nd Sunday of the month from 3pm – 4:30pm at the Denbigh Christian Academy (in the gym), 1233 Shields Road – Newport News, VA, located behind the World Outreach Center on Denbigh Boulevard near the York County Line (between Woodside Lane and Shields Road).

**History**  
**OPEN, Robert Locke**

The Lodge has acquired two more Kecoughtan items (463 Bolo and a 463 Red Elangomat Sash #39/40), one Chanco piece (483 X2a ) not previously held in the Lodges collection.

➡ The Lodge has received a sizeable collection that belonged to Tim Ewing. This collection covers ten (10) lodges in Virginia as well as Council(s) items. While none of the Collection(s) are totally complete it does contain the majority of the OA flaps for all Virginia Lodges and provides additions to our three primary Lodges (333,463 & 483) that we did not possess.

**Please extend the Lodges gratitude to *Wayne Ewing and the Ewing family* for this very generous donation.**

## Health and Safety

**Tony Stewart and Greg South**

Greetings Brothers! We trust that all are ready for Spring and "nicer" camping weather. If you have been staying informed by the media, you all have heard of Coronavirus. COVID-19 is an infectious disease that is a flu-like illness. It is in the Influenza or "flu" family of illnesses. It has been around for a long time, but became prevalent in December of 2019. The symptoms are like other flu strains: fever, tiredness, dry cough, body aches, congestion, runny nose, sore throat, & diarrhea. 80% of those infected recover quickly. 1 out of 6 infected may get seriously ill. The elderly and very young are most susceptible.

### What can you do to protect yourself? Follow these simple rules:

1. Wash your hands regularly & thoroughly with soap & water. If not available, use an alcohol-based gel or cleaner.
2. Stay at a distance of at least 3 feet from anyone sneezing or coughing. If you need to sneeze or cough, use the crook of your elbow (instead of your hands).
3. Keep from touching your eyes, nose, and mouth. Our hands are a major source of transmission.
4. Disinfect personal items, especially your cell phones! We spread germs back to ourselves each time we touch them. Wipe with a bleach-type wipe towelette and allow 10 minutes to air dry.
5. If you feel ill or start to get feverish, see the medic or a physician immediately. Err on the side of caution and avoid others until you have been checked.

Take care of yourselves!

## Colonial Trail District's Klondike Derby Recap

**John MacDonald**

**MUSH!** Nansmond Arrowmen stepped up to once again run the District's only cold-weather campout and did an AWESOME job! Klondike was a huge success by any measure. After months of planning, choosing the events, and getting the games dialed in, we met at the frozen wastelands of Johnson's Garden Center and hosted over 200 scouts from 12 different units. That includes units from outside the District and Webelos from 3 Packs! Our Sea Scout brothers and sisters even lent a hand, so just about every Scouting discipline was present.

Brothers, this method of event hosting seems to be working for us, keeps the scouts engaged in the outdoors in an otherwise bleak month, and allows us to show the Order in a very positive light. Think about the young scouts who never oriented a compass and how you guys showed them the way. Think about how the Webelos went back to their units talking about how cool the wrist rockets were but that they can't wait to try tomahawk throwing themselves! Best of all, think about that hilarious Yukon Pawn, a super campfire, and amazing Call Out ceremony and the impression it left on everyone there. You guys are the rock stars.

We've got a whole huge year of scouting in front of us, but I can't wait until next January!
